

Technical Advisor, Inclusion

Description

About CBM

CBM is an international Christian development organisation, committed to improving the quality of life of persons with disabilities in the poorest communities of the world. The emphasis throughout CBM's work is on local capacity development in poorer communities of the world. These programmes increase disability-inclusive service delivery in the fields of healthcare, education, rehabilitation, disaster risk reduction, and livelihood development as well as organisational development of partner organisations. We work in partnership to create an inclusive society for all.

About the Role

As part of CBM's mission and mandate, the Technical Advisor – Inclusion will acquire and provide technical disability-inclusive development advisory services to external organisations such as government agencies, other (I)NGOS etc.

Purpose of the Role

The Technical Advisor on Inclusion will reach out to other organisations and act as the lead managing role for building capacities and training of external stakeholders on making their programming and work more disability-inclusive.
